## **2022 Seed List**

NZAGS Seed Director  
P O Box 2984  
Christchurch 8140  
New Zealand

NEW ZEALAND ALPINE GARDEN  
SOCIETY  
2022 Seed List

**We would like to thank all those who have helped maintain the Seed List as one of the major factors contributing to the enjoyment and stimulation for members of NZAGS. MPI restrictions make it even more important that seed is collected and plants conserved. Some overseas donated seed may not be listed as it is not on the current MPI list of permitted plants and therefore has been confiscated. No plant without species name is accepted eg, Arisaema sp. Or Pulsatilla 'Eva Constance' must be listed Pulsatilla vulgaris 'Eva Constance'.**

Seed originates from many sources throughout the world and cannot be guaranteed true to name. Every effort is made to ensure correct listings, however seed from cultivars and hybrids cannot be relied upon to come true and plants raised from cultivar seed should not be labelled with the names of those cultivars. Neither the New Zealand Alpine Garden Society or any official of the Society can be held responsible for what is supplied.

PLEASE READ THE APPLICATION FOR SEEDS INSTRUCTIONS BEFORE FILLING ORDER FORM.

The orders are date-stamped on arrival and then dealt with in the following order:

- Overseas donors
- NZ donors and packeters
- Overseas non-donors
- NZ non-donors

The society pays for postage for overseas members.

**NB: Donors entitled to 10 extra packets need to have contributed 7 or more packets of seed.**

Once again it has been possible to bring the seed list to you thanks to the seed contributors, and packeters and the distribution team. Best wishes to all seedaholics. Please notify us if seed grown has been incorrectly named or if plant names, as listed, are incorrect. Some seed is in short supply. Please ensure that as many choices as possible are listed. Early response is recommended. Best of luck with your application and success with your seed raising.

**APPLYING FOR SEED**

All applications must be on the form supplied. Overseas seed orders are sent post-free airmail (but a donation to the society's bank account would be welcome).

**QUOTAS**

Single membership 30 packets  
Seed Donors plus 10 packets

**APPLICATION**

1. Grids must be filled in correctly.
  2. Illegible and incorrectly completed forms will be dealt with at the end of the distribution.
- Please ensure you include sufficient choices to enable your quota to be met. You are advised to make all selections on the application form as many items are in very short supply.

NZ ORDERS ONLY Order to be accompanied by self-addressed NZ Post bag with the postage included.

**LUCKY DIP** Lucky dip is a random selection from the seed that remains after the first distribution. It includes excellent seed which arrives too late to be listed.

*Tick on application form if required.*

NON-FINANCIAL MEMBERS WILL NOT RECEIVE SEED.

**Australian members must include a list of names for Australian MAF to ensure smooth delivery of seed. We are unable to supply phytosanitary certificates due to the cost. Overseas members should ensure any necessary documents for importation are provided to us to include with orders.**

All orders to be returned before 30 June 2022 to:  
NZAGS Seed Distribution  
P O Box 2984  
CHRISTCHURCH 8140  
NEW ZEALAND
