**NEW ZEALAND ALPINE GARDEN  
SOCIETY  
2021 Seed List**

We would like to thank all those who have helped maintain the Seed List as one of the major factors contributing to the enjoyment and stimulation for members of NZAGS. MPI restrictions make it even more important that seed is collected, and plants conserved. Some overseas donated seed may not be listed as it is not on the current MPI list of permitted plants, therefore has been confiscated. No plant without species name is accepted e.g. *Arisaema* sp. or *Pulsatilla* 'Eva Constance' must be listed *Pulsatilla vulgaris* 'Eva Constance'.

Seed originates from many sources throughout the world and cannot be guaranteed true to name. Every effort is made to ensure correct listings, however seed from cultivars and hybrids cannot be relied upon to come true and plants raised from cultivar seed should not be labelled with the names of those cultivars. Neither the NZAGS or any official of the Society can be held responsible for what is supplied. **PLEASE READ THE APPLICATION FOR SEEDS INSTRUCTIONS BEFORE FILLING ORDER FORM.**

The orders are date-stamped on arrival and then dealt with in the following order:

1. Overseas donors
2. NZ donors and packeters
3. Overseas non-donor
4. NZ non-donors

Address labels are NOT required.

The society pays for postage for overseas members. **NB: Donors entitled to 10 extra packets need to have contributed 7 or more packets of seed.**

Once again it has been possible to bring the seed list to you thanks to the seed contributors, and packeters and the distribution team. Best wishes to all seedaholics. Please notify us if seed grown has been incorrectly named or if plant names, as listed, are incorrect. Some seed, as always, is in short supply. Please ensure that as many choices as possible are listed. Early response is recommended. Best of luck with your application and success with your seed raising.

**APPLYING FOR SEED**

All applications must be on the form supplied. Overseas members – Seed orders are sent post free airmail and self-addressed envelopes are NOT required.

**QUOTAS:**

Single membership 30 packets  
Seed Donors plus 10 packets

**APPLICATION:**

1. Grids must be filled in correctly.
2. Illegible and incorrectly completed forms will be dealt with at the end of the distribution.

Please ensure you include sufficient choices to enable your quota to be met. You are advised to make all 85 selections on the application form as many items are in very short supply.

**NZ ORDERS ONLY: THE ORDER IS TO BE ACCOMPANIED BY A SELF ADDRESSED NZ POST BAG WITH THE POSTAGE INCLUDED**

**LUCKY DIP**

Lucky dip is a random selection from the seed that remains after the first distribution. It includes excellent seed which arrives too late to be listed. Tick on application form if required.

**LUCKY DIP REQUEST TO BE ACCOMPANIED BY A SELF ADDRESSSED NZ POST BAG WITH THE POSTAGE INCLUDED (NZ only).**

**NON FINANCIAL MEMBERS WILL NOT RECEIVE SEED.**

Please ensure you order from the current year's list.

Australian members must include a list of names with order for Australian MAF to ensure smooth delivery of seed. US members ensure supply of necessary importation documents.

If we have omitted your name as a donor, please accept our apologies. We appreciate all donations of seed and we are indebted to the members who undertake the considerable effort and expense to collect seed in the wild.
